NORTHWOOD, ND – AGVISE LABORATORIES, Laboratory Technician

AGVISE Laboratories in Northwood, ND is now hiring a laboratory technician. This is a full time position including benefits. AGVISE Laboratories is an employee-owned agricultural testing laboratory and has been leading the industry in the analysis of soil, water, plant tissue, manure, and fertilizer for more than 40 years. Our team of lab technicians and analysts provide quality results and technical support to agricultural producers, crop consultants, and agronomists. This position is located at our Northwood lab.

Primary responsibilities include:

- Preparation of soil, plant, and water samples
- Operating laboratory equipment
- Assisting other lab technicians with operation of equipment
- Helping to complete research projects
- Completing various projects throughout the lab

Applicants should have the following qualifications:

- Ability to work in a professional manner
- Provide a high amount of scientific integrity
- Work well in a team setting with other lab analysts and technicians
- Good writing and communication skills
- Basic computer skills
- Experience working with laboratory equipment would be highly beneficial
- Capable of managing time well and be task orientated
- Ability to work some extended hours during the busy season
